

CORBELS

All Resin Ornamentation is Flexible, Stainable & Paintable.

CORBELS

Pearlworks, Inc. 14251 Franklin Ave. Tustin, CA 92780
Office: (714) 573-1700 Fax: (714) 573-1708 Toll Free: (855) PEARLWORKS
www.pearlworksinc.com

Corbel Installation

Installation of all Pearlworks products can be performed using all STANDARD WOODWORKING TOOLS & GLUES. Our hollow back corbels make mounting easy.

Step: 1

Cut a block out of solid wood stock or plywood to fill hollow back of corbel (do not use pressed wood or fiber products).

Step: 2

Use corbel to check positioning of block and firmly attach to wall or cabinet using appropriate length wood screws & panel adhesive. When attaching to drywall or plaster use toggle bolts and panel adhesive (do not use plastic (molley: inserts).

Step: 3

Place corbel over block and pre-drill appropriate size holes for **wood screws**, (trim head wood screws are recommended) double checking for correct location. Never use a hammer and nails when installing Pearlworks products, screws or 23 gauge micro pinner brads are recommended.

Step: 4

Apply panel adhesive to back of corbel and sides of block and permanently attach corbel, making sure it is visually plumb and leveled.

Top view of corbel

Note: Using a level on top of corbel may not give an accurate reading due to crowning that occurs during casting.

- * Pilot holes must align with wood mounting bracket.
- * All holes can be filled with standard wood putty or bondo.
- * Size of screws and drill bit for pilot holes will vary according to corbel size.

* Never use a hammer and nails when installing Pearlworks products, screws or 23 gauge micro pinner brads are recommended.

* All sizes are approx.- max W" x max H" x Thickness"

The corbels above have been designed with integrated collars & backing plates to accept our 2-1/4", 3-1/4", 4-1/2", 5-1/2" & 7" width columns. These modular assemblies makes it very easy to exchange designs for multiple looks.

* Trevor collection parts start with the 4-3/4", 5-3/4" & 7-1/4" width collar.
